

Rally4Autism is officially starting their campaign to promote Autism awareness and donations to Autism Medical Research by participating in the 2006 Cannonball Run. The Cannonball Run is a coast to coast endurance race for motorscooters held every other year. In September 2006 we will be starting from Portland, OR and ending in New York City -- a trip of 3,300 miles.

This year we are riding to support Autism Speaks. Autism Speaks goals are to fund global biomedical research into the causes, prevention, treatments, and cure for autism; to raising public awareness about autism and its effects on individuals, families, and society; and to bringing hope to all who deal with the hardships of this disorder. Autism Speaks aims to bring the autism community together as one strong voice to urge the government and private sector to listen to our concerns and take action to address this urgent global health crisis.
